

PAPER ON CLERGY DEPLOYMENT

Herewith, several emails containing:

- PowerPoint - three files, as emailing it all in one go doesn't work for us ...
- Word file of the paper that went to diocesan synod.
- Word file containing the questions discussed at synod.
- This Word file outlining the presentation and how it "works"

PowerPoint Presentations

Clergy Deployment Presentation 1

Slides 1-12 of the PowerPoint file form the presentation I have been using in deaneries.

- | | |
|------------|---|
| Slide 1 | Title page |
| Slide 2 | Discussion paper – nothing cut and dried! I usually try to say something about what is not included – theology of ministry and mission, no detailed reference to lay ministry, OLMs, NSMs, ecumenical contacts. The questions raise these issues more clearly. |
| Slide 3 -5 | Basic information ... |
| Slide 6 | Questions the Church periodically asks itself – as now ... |
| Slide 7 | Summary of points in the important report “Mission Shaped Church” |
| Slide 8 | General strategy suggested by “Mission Shaped Church” and implications for us ... |
| Slide 9 | Issues we need to deal with |
| Slide 10 | Questions we need to answer |
| Slide 11 | Contact details and deadline for comments |
| Slide 12 | Blank |

Clergy Deployment Presentation 2

Slides 13-24 are the questions for group discussion used when the paper was presented to the diocesan synod. These can be useful for group discussion at a synod, chapter or PCC, but are not necessarily appropriate. **The same questions can be found in one of the Word files mentioned above.**

Clergy Deployment Presentation 3

The last two slides I used at diocesan synod but have since kept “in reserve”.

- | | |
|----------|---|
| Slide 25 | (on the Orthodox Church) simply illustrates how another church has different “ways in”. You could as easily use another denomination you are familiar with. The point of using the Orthodox is that they are rarely regarded as “trendy”. |
| Slide 26 | is based on Luke’s account of Jesus’ transfiguration as God’s plan and purpose are revealed – and the disciples (representing the church) respond inappropriately ... (!) |

I hope this is helpful. Get back to me if you have any questions.
